

Neurology Center of Excellence

Advanced 3D Imaging - Innovative Technology, Seamless Solutions, Trusted Partner.

We understand that every second counts when it comes to brain health. At 3DR's Neurology Center of Excellence, we prioritize precision and timeliness to provide exceptional post-processed results for **stroke, pre-surgical planning, brain and spine disease**, and more.

Our Services: A Trusted Partner for all Your Neuro Post-Processing Needs

To ensure the highest standards, particularly when it comes to stroke care, we require our radiologic technologists to undergo extensive training to achieve **3DR's Code Stroke Certification**. This certification process involves meeting 3DR's **stringent internal case quality metrics and adhering to strict stroke protocol turnaround times**.

By meeting these standards, our radiologic technologists ensure that post-processed images are delivered both accurately and promptly, enabling quicker diagnostic results for clinicians with the goal of improved patient outcomes.
